

Press release:

Laufen Launch Its CasePlus Furniture Collection

With pure dedication to producing high quality sanitaryware and bathroom furniture swiss manufacturer Laufen is delighted to present CasePlus; a product extension to its popular Case furniture range. CasePlus is a collection of new striking furniture available in several fashionable finishes and designed to fit perfectly with a variety of Laufen's existing ceramic ranges.

CasePlus oozes sophistication whilst meeting the demands of today's interior design trends. Available in attractive high gloss white, black and Noce Canaletto wood veneer finishes, the cabinet doors can be mixed to the customers own specification, to create the ultimate stylish furniture for any bathroom. The aluminium profile of the cabinets door frames and door knobs truly emphasise its overall design, whilst soft motion on drawers and doors come as standard; adding a luxurious calming touch to the bathrooms functionality.

CasePlus furniture fits neatly under the following Laufen ceramic ranges: Form, Living City and Laufen pro and offers sophisticated space saving solutions. Available in a variety of sizes there is an alternative for every bathroom, regardless of its shape or dimension. The new long drawer option provides a wealth of storage space for bath towels and essential bathroom necessities; helping to keep the bathroom clutter free. A matching range of mirrors with optional lighting is also available and looks fabulous with the CasePlus furniture.

One thing is for sure, the new CasePlus furniture range is ideal for the design-orientated consumer wanting to transform their bathroom into a modern functional setting!
